

Adirondack for Kids
A component fund of the Adirondack Foundation
Grant Application

Adirondack for Kids offers grants to nonprofit organizations supporting youth activities in any of the regions in which the Adirondack Family of Companies conducts business. There is a local committee that reviews applications and makes decisions. The Fund gives strong preference to capacity building grants or modest one-time capital expenditures, rather than contributing to general operating expenses. Organizations may apply as many times as they would like but are limited in receiving grants twice in a five year period. The Fund will generally not make grants of more than \$2000.
